The best months to visit Spain are May, June and September. Visit the World Heritage cities of Salamanca, Avila, and Segovia. Visit Valladolid- the former capital of the Spanish empire in its 15th century. Visit Burgos founded in 884, charming for that so typical medieval northern castilian ambience. Visit Santiago de Compostela to see the tomb of the apostle St James. Portugal's high season runs from mid-June to mid-September. You can also consider visiting Portugal in spring when the countryside is at its most verdant. Medieval castles, cobblestone villages, captivating cities and golden-sand beaches: the Portugal experience can mean many things. History, great food and wine, idyllic scenery and blazing nightlife are just the beginning... Festivals pack Portugal's calendar. You can drink, dance and feast your way through all-night revelries like Lisbon's Festa de Santo António or Porto's Festa de São João.
